

## Solid Waste Announcement

Following the town vote last fall, we have purchased a trash compactor and truck. The Public Works employees are busy getting them ready for use. We also have hired a driver and an assistant. We expect to be fully operational when our current contract ends this month.

Our first Trash pick-up is scheduled for February 9<sup>th</sup> and we will be picking up every Thursday thereafter.

Sullivan's last pick-up will be January 30<sup>th</sup>.

Please have your trash ready by 7:00 AM. Dump stickers will still be required.

Our first Recycle pick-up will be on February 24<sup>th</sup>.

We bought a trailer that is being made over to haul recycle items. Pick-ups are scheduled for the last Friday of every month. We are hoping that more townspeople will take advantage of this program.

We will be having a Spring clean-up. This year it will be handled by the Public Works and Solid Waste Department. More details will be decided at town meeting.

As stated before, we believe that by our running our own solid waste pick-up system, that we will not only save taxpayer money but that we will deliver a better service.

Thank you for showing confidence in us as we move forward with these programs.
