Shawn Murphy

Agenda:

- Presentation of detailed mapping of Cannery site (Walt Fuller)
- Review of prioritization from April meeting
- KVCOG Updates
- Land-Use Planning exploration report
- Other Business

Agenda Item 1: Presentation of detailed mapping of Cannery site (Walt Fuller)

Walter Enlarged the boundary map of the property from the Survey Company

Would there be any unknown structures or objects underground? To our knowledge no.

Could we find the missing road? Skidgell Lane- Walter will use measuring device on google to get a better understanding of where the road is on the map.

Agenda Item 2: KVCOG Update:

Robyn's last day is Friday - We will have a new associate to work with - hopefully we can meet with the soon and learn about the new application which at this point is not final.

Note: still waiting for the gov't budget to be finalized before a grant submission deadline is published this will most likely be June or July.

Agenda Item 3: Review of prioritization from April Meeting

Agreed on a concept for the space which was derived from the prioritized Community Actions:

1. Protect and Preserve the Environment
2. Leverage disturbed/contaminated sites for clean energy projects and encourage project development.
3. Agricultural Business
4. Green Space

5. Transportation/EV
 - a. Walking/running trails
 - b. Parking lots/commuter lots
 - c. EV stations
 - d. Solar Panels

Next Meeting: June 7th, 6pm
